Dear Judge,

Approving the PFJ for Microsoft would be deceptive to the public, after all the open controversy regarding Microsoft's monopoly in the computer industry. Not only that, it would be detrimental to the free market idea that America's economy is based upon, and it would seem to grant special preference towards Microsoft and instigate a lot of controversy. Thank you for the time you are taking to review the public's opinion about this important decision you will have to make. I'm sure it will be the right one.
